

**FOR IMMEDIATE RELEASE**

**JOHNNY ON THE SPOT PART OF FIRST  
FEDERAL STIMULUS CONTRACT IN NEW JERSEY**  
**Parking Lot Expansion At Edison Station To Include JOTS  
Sanitation & Porta-Water Units**

**OLD BRIDGE, N.J. (June 3, 2009)** --- Johnny On The Spot, providers of New Jersey's finest portable sanitation services since 1970, has been selected by NJ Transit and its contractor Petillo Inc. of Flanders, N.J., as the sole provider of sanitation and Porta-Water facilities for the state's first federal stimulus-funded construction contract.

The project, which will add nearly 500 additional parking spaces at the Edison Station on the Northeast Corridor, along with new lighting and sidewalks, will include two of Johnny On The Spot's standard units, as well as a Porta-Water system, the latter which will provide indoor plumbing for the project's office trailer.

"We're extremely honored and excited to be part of such a historic event," said Johnny on the Spot President, Jess Thompson. "We've always considered ourselves to be the premier sanitation service company in New Jersey, and this selection serves to confirm this so it seems fitting to be involved on this project. Quality restrooms and impeccable service are the major components of our satisfaction guarantee and the main reason why customers have come to appreciate the Johnny on the Spot "Difference." It's a real testament to our entire our staff's dedication to providing the most reliable service and clean portable restrooms available anywhere."

Beginning this month, the \$4.7 million job will generate approximately 110 jobs, and is expected to be completed by early 2010.

### **ABOUT JOHNNY ON THE SPOT**

Johnny On The Spot, Inc. (JOTS) began in 1957 with septic pumping, and added portable sanitation units in 1970. Since that time, "The JOTS Difference" has produced one of the nation's most progressive providers of portable restrooms with the constant introduction of state of the art facilities, specialty equipment such as luxury, ADA compliant and high-rise units, and the development of service vehicle equipment specifications which are now considered the industry standard nationwide, among other innovations. Johnny on the Spot now also offers temporary fencing, adding yet another dimension to the services provided to customers. Johnny On The Spot ([www.johnnyonthespot.com](http://www.johnnyonthespot.com)) is headquartered in Old Bridge, N.J., services NJ, NY, Eastern PA from three branches and can be reached at (800) 491-5687.
