

3 WAYS PORTABLE SANITATION CAN MAKE OR BREAK YOUR EVENT

3. GET OUT OF THE BATHROOM LINE AND JOIN THE CONGA LINE!

The guests did not come to wait in line for the bathroom, THEY CAME TO PARTY! The permanent restrooms at your venue may be no match for the guest list, especially when food and alcoholic beverages are being served. Enjoy the luxury of offering several restrooms in locations that are convenient! Consult our portable restroom usage chart or speak to a trained representative to determine the solution that meets your needs now!

2. REPUTATION IS EVERYTHING TO YOU!

Problems with the restroom can be a crippling blow to any party, especially with your reputation as an event planner at stake. Planning is your livelihood so why not plan with the best satisfaction guarantee available. Reputation is what separates Johnny on the Spot from the competition and we have plenty of clients to back that up.

A restroom with simulated marble walls, large vanities, flushing toilets, sinks with running water, stereo system and air conditioning for those hot summer nights will be sure to impress even the most discriminating of users. These are in high demand, book today!
