

Top 5 Reasons Portable Sanitation is the Way to GO!

5. “IT’S NICER THAN MY BATHROOM AT HOME!”

Imagine walking in to an air-conditioned trailer on a hot July afternoon (to the tune of Bruce Springsteen or maybe Garth Brooks) with the stereo playing and being surrounded by simulated marble walls, several restrooms, sinks with large vanities, and plenty of lighting. Ahhh, you say in relief and WOW you say as you realize you’re in a Diamond Series Elite Coach Luxury Restroom Trailer. There are a multitude of restroom solutions to meet your sanitation needs and your budget. Check out the entire fleet at www.elitecoaches.com.

4. ENJOY YOUR PARTY, YOU STRESS ENOUGH!

Avoid the tireless job of maintaining cleanliness in your home’s bathroom. It is not an excuse to forget bathroom etiquette but portable restrooms do allow you to leave the undesirable stuff to us. Celebrity Restrooms are the most luxurious stand-alone restroom available anywhere and are perfect for backyard barbeques or other gatherings. Professional restroom attendant services are also available as a means of keeping your rental in pristine condition throughout your entire event or party.

3. LOCATION, LOCATION, LOCATION!

“Wow, the bathrooms are far!” This hassle can be easily avoided. Placing restrooms in a multitude of locations is just one of the many benefits of using portable sanitation. Hand washing sinks, ADA Accessible Restrooms, and celebrity restrooms are just a few of the versatile solutions that will minimize the time finding the bathrooms and maximize the fun.

2. USE YOUR DANCING SKILLS ON THE DANCE FLOOR, NOT THE BATHROOM LINE!

Relying on a single permanent restroom facility at your home or other venue may not be able to comfortably cater to your guests’ needs. Take advantage of fabulous discounts on the rental of multiple portable restrooms. Having the correct amount of portable restrooms in close proximity will undoubtedly contribute to your event’s experience!

1. KIDS, POOLS, DIRT & CLEAN FLOORS DO NOT MIX!

Kids will be kids. Even adults can be kids, let’s face it! Unfortunately, your floor’s well being is not always a cause for concern when your guests are busy having fun. No, a closed-door policy is not in order, but offering a portable restroom outside is a perfect solution to having guests in and out of your house to use the restroom.
